- She is very passionate about what she does and seems to enjoy educating others.
- She was very knowledgeable about the material, she just sometimes got sidetracked with giving way too much information that wasn't necessary for the class.

5. Instructor's Communication, Organization & Fairness

5.6) Comments:

- All of the modules were easy to navigate and were well organized.
- Majority of the material given was not clear. Assignments consistently had contradicting questions that seem as if she was trying to "trick" you or have you slip up rather than helpful questions to have students retain the information. this alone made class very frustrating and leads you to believe she is not wanting you to actually teach you. Not to mention the lecture videos - repeating the same thing 20 different times does not help.

6. Quality of Textbook

6.4) Comments:

The evaluation will not be displayed due to low response rate.
